Abstract:

Astrology has been helping people to guide their lives, careers, marriages, jobs, education, etc. with the help of planets since ancient times. Later, many types of research have been carried out and it has developed in many ways. Nowadays, the methods of analyzing the positions of planets and stars based on the time of birth of a person and predicting the benefits are considered important. In this, the 12 zodiac signs, 9 planets, and 27 stars are analyzed and the 12 evil houses are considered and the benefits are clearly explained to the people based on their karakatva.

In the current era, people are trying to find a permanent job to lead their families without any difficulties. Among them, people are increasingly interested in finding a job in the government sector. Therefore, I planned to conduct a study to find out which planet is most helpful in the horoscope of government employees working in the agricultural sector and chose the topic "Planetary Position of Government Employees in the Agriculture Sector".

Key Words: Zodiac Sign, Birth Horoscope, Sun, Moon, Mars, Mercury, Venus, Saturn, Lagna Bhava, Second Bhava, Fourth Bhava, Sixth Bhava, Tenth Bhava, Eleventh Bhava, Government, Government Servant, Government Job, Agriculture, Land, Agricultural Land, Government Bank, Agricultural Loan, Farmers, Research, Life, Earth, Food, Production, Generation, Society and Extra...

Introduction:

Based on the Vedas, our ancestors have divided our way of life into six parts. Astrology is a part of it and is the eyes of the Vedas. If a person tries to know what is going to happen from birth to death, he has to wait his entire life. Otherwise, through astrology, we can list what is going to happen until his life span based on the position of the planets at the time of his birth.

In the government sector, the Agriculture Department, Revenue Department, its subdivision VAO, Revenue Inspector, Surveyor, and Horticulture Department, Farm Agriculture Department, Tamil Nadu Cooperative State Bank in the cooperative sector, District Cooperative Bank, Primary Agriculture Bank are providing necessary funds for agricultural development and are supporting it. I have been visiting many such agriculture-related departments and collecting information from the employees working there and conducting research.

In order to select many astrological original books for this purpose, if they were not available, many astrological books were obtained from many government and private libraries, university and college libraries and research was carried out. Furthermore, if they were not available even in libraries, many astrological original books were obtained from very experienced astrological gurus and the rare collection obtained by studying the above-mentioned planets Sun, Moon and Mars has a dominant character in the horoscope of government employees.

A Short Note on Farmers:

Before examining government employees in agriculture, a short note on the living conditions and families of farmers; Farmers produce food by working hard on our agricultural land. This hard work did not come through education, but they followed the hard work of their grandfathers and fathers.

This agriculture did not come about in one generation, but the labor of many generations has given the soil until now, and this agriculture has made the present farmer and farmer live with pride.

Many generations who have lived through agriculture have now made their descendants study higher education and have reached the highest position in society, not only that, there are many high officials in the government sector, many high positions in the private sector, and many people who have completed their higher education abroad and live there.

Exalted and Weakened Planets:

The rise and fall of the planets in our natal chart can reveal areas in which we excel or may face challenges in higher Position. Exalted planets represent strength and talents, while weakened planets may indicate areas that require special effort and attention.

- Rule 1: Sun, Moon or Mars in conjunction with the Sun.
- Rule 2: Sun, Moon or Mars in conjunction with the Ascendant or Ascendant lord.
- Rule 3: Sun, Moon or Mars in conjunction with the fourth defilement or lord of the defilement.
- Rule 4: Sun, Moon or Mars in conjunction with the sixth defilement or lord of the defilement.
- Rule 5: Sun, Moon or Mars in conjunction with the tenth defilement or lord of the defilement.

Rule 1:

Contact between the Sun and the Moon or Mars.

Sun, Moon, Mars conjunction means that the planets are in the same house in the following order: Sun + Moon, Sun + Mars, Mars + Moon, Sun + Moon + Mars, or the Moon or Mars is in the Sun's house, or the Sun or Mars is in the Moon's house, or the Sun or Moon is in the Mars's house, or the Moon or Mars is in the Sun's aspect, or Mars is in the Moon's aspect.

Sun or Moon or Mars in conjunction with the Lagna or the Lagna lord.

The Sun or Moon or Mars is in the Lagna, or the Sun or Moon or Mars is in conjunction with the Lagna lord, or the Sun or Moon or Mars is in conjunction with the Lagna or lord, or the Sun or Moon or Mars is in conjunction with the Lagna lord, or the Sun or Moon or Mars is in conjunction with the Lagna lord, or the Sun or Moon or Mars is in conjunction with the Lagna lord, or the Sun or Moon or Mars is in conjunction with the Lagna lord, or the Sun or Moon or Mars is in conjunction with the Lagna lord, or the Sun or Moon or Mars

The Sun, Moon or Mars is in conjunction with the fourth house or the lord of the house.

Explanation:

The Sun or Moon or Mars is in the fourth house of the ascendant, or the Sun or Moon or Mars is in conjunction with the 4th house, wherever the 4th house is located, and the 4th house or the 4th house is aspected by the planets Sun or Moon or Mars themselves.

Rule 4:

The Sun or Moon or Mars is in conjunction with the lord of the sixth bhava or bhava.

Explanation:

The Sun or Moon or Mars is in the sixth bhava from the Lagna, or the Sun or Moon or Mars is in conjunction with the 6th lord wherever he is, and the 6th bhava or 6th lord is aspected by the Sun or Moon or Mars through their respective aspects.

Rule 5:

The Sun or Moon or Mars is in conjunction with the lord of the tenth bhava or bhava.

Explanation:

The Sun or Moon or Mars is in the 10th house from the Lagna, or the Sun or Moon or Mars is in conjunction with the 10th house, wherever the 10th lord is, and the planets Sun or Moon or Mars are aspecting the 10th house or the 10th lord through their aspects.

Note:

It is noteworthy that this study does not consider any star connection between the malefic planet and the malefic lords. Here, the word connection refers to the aspect, conjunction, presence of planets in a particular sign, etc. It is confirmed that the above five rules dominate the horoscopes of the vast majority of government employees.

Although studies have been conducted according to many astrological sources, the book "Sothida Ratnakaram", which is a translation of the Sanskrit book "Pavartha Ratnakaram", published in the current period, states that

“Meksha Lagna Jadhasya Raja yo Gopi Latyathe
Sathur Panchamadheesa Sambanthane na Shamshai”

Tamil Text:

Meksha Lagna is the place where the Sun is in the 5th house and the Moon is in the 4th house.

Explanation:

That is, the combination of a Kendra and a Trikona gives special results, but here the Moon is the lord of the Kendra and the Sun is the lord of the Trikona, and the combination of these two is also said to be a Raasayoga. Accordingly, for the Kalapuruksha Tattva (Aries), the Moon and the Sun are indicated as 4th and 5th houses respectively. Another fact is that according to the Kala Puruksha philosophy, Mars, the ruler of Aries, inspired the study to write 'Planetary positions in the horoscopes of government employees in the agricultural sector'.

Example Horoscope 1:

Horoscope of a government employee working in the cooperative sector:

Mars Disa 05 Year / 08 Month / 26 Day

LA Mars Me	Sun Ven	Ketu Mo	
Satu	Zodiac 16.04.1994		
	Rahu	Jup	

Rules Applicable to the Horoscope:

- Rule 1: Sun is in the house of Mars.
- Rule 2: Sun aspects the lord of the ascendant Jupiter, Mars is in the ascendant.
- Rule 3: The lord of the 4th house is Mercury; Mars is in conjunction with the ascendant.
- Rule 4: The lord of the 6th house is Sun.
- Rule 5: The lord of the 10th house is Jupiter, and Sun is aspecting it.

This person has five rules and has been working in the cooperative sector for about seven years.

Conclusion:-

Every person born in this world gets respect and honor in this society due to the work they do. “Udhyogam Purusha Lakshanam” and “Earr Pedithavan Eatram Peruvan”, so the development of a servant is important for a man. The position of the lord of the house and the tenth house in their horoscopes determines their profession or job. This study has been conducted under the title “Government employees in the agricultural sector Position of planets in the horoscopes”. This study conducted under the title “Government employees in the agricultural sector Position of planets in the horoscopes” is expected to be beneficial to the society and will also help in conducting many further studies.
